4. Shipping & Delivery
Shipping Options, Tracking, Lost/Damaged Packages
5. Technical Support
Support Tiers, Channels, Response Times, Escalation Path
6. Data Privacy & Security
Compliance, User Controls, Security Incidents
7. Frequently Asked Questions
Common customer questions with answers
8. Escalation & Edge Cases
Exceptions, edge case handling, supervisor escalation
9. Glossary
Key terms and definitions for support agents and AI models
10. Contact Directory
All contact channels, emails, phones and hours

Section 1 — Account Management

This section covers all procedures related to user account lifecycle management including password recovery, multi-factor authentication setup, and account deletion workflows.

1.1 Password Reset Procedure

Customers who have lost access to their account password should follow these steps:

- Navigate to the login page and click **Forgot Password**.
- Enter the registered email address associated with the account.
- Check inbox for the password reset link — it arrives within **2 minutes**.
- The reset link expires after **24 hours** for security purposes.
- If no email is received within 5 minutes, check the spam/junk folder before contacting support.
- Contact support at support@techcorp.com if the issue persists.

Note: Agents should verify email ownership before manually triggering a reset.

1.2 Two-Factor Authentication (2FA)

2FA adds an extra layer of security to customer accounts. Available authentication methods:

- SMS (text message to registered phone)
- Authenticator App (Google Authenticator, Authy, etc.)
- Email-based OTP

Setup path: Account Settings > Security > Two-Factor Authentication

Backup codes are generated upon setup — customers must store these securely. Backup codes can be used if primary method is unavailable.

Lost 2FA access: Customer must submit an identity verification request via the support portal. Agents must not bypass 2FA without completed identity verification.

1.3 Account Deletion

- Request path: Account Settings > Privacy > Delete Account
- A 30-day cooling period applies — account deletion is reversible within this window.
- All data is permanently removed after the cooling period ends.
- Active subscriptions must be cancelled before deletion can be processed.
- Customers may export their data before deletion (GDPR compliance — see Section 6).
- Agents cannot manually delete accounts; all requests must go through the self-service portal.

Section 2 — Billing & Subscriptions

All billing information, subscription plan details, cancellation procedures, and invoice management are covered in this section.

2.1 Subscription Plans

Plan	Monthly Price	Annual Price	Key Features
Basic	\$0	\$0	Email support only
Pro	\$29	\$279	Priority email + Live chat (Mon-Fri 8AM-8PM EST)
Enterprise	Custom	Custom	Dedicated manager, Phone support, 1-hr SLA, 24/7

Note: Annual plans offer approximately 20% savings over monthly billing. Enterprise pricing is negotiated per contract.

2.2 Cancellation Policy

- **Monthly plans:** Cancel anytime; cancellation is effective at the next billing cycle. No partial-month refunds.
- **Annual plans:** Prorated refund available if cancelled within 14 days of renewal date.
- **Cancellation path:** Account > Billing > Cancel Subscription.
- Customers retain access to paid features until the end of the current billing period.
- Accounts revert to the Basic (free) plan upon cancellation — data is retained for 90 days.

2.3 Payment Methods

Accepted payment methods:

- Credit/Debit cards (Visa, Mastercard, Amex, Discover)
- PayPal
- Bank transfer (Enterprise customers only)

Failed payment handling:

- 3 automatic retry attempts are made over 7 days.
- Customer is notified by email after each failed attempt.
- Account is suspended (not deleted) after the 3rd failure.
- Update payment: Account > Billing > Payment Methods.
- Suspended accounts are reactivated immediately upon successful payment.

2.4 Invoices & Receipts

- Invoices are auto-generated monthly on the billing date.
- Download at: Account > Billing > Invoices.
- Custom invoice details (PO numbers, company names) are available for Enterprise customers.
- Tax invoices are provided for applicable regions (VAT, GST).
- Invoices are retained in the system for a minimum of 7 years for compliance.

Section 3 — Product Returns & Refunds

This section details the return eligibility criteria, step-by-step return process, refund options, and warranty coverage.

3.1 Return Eligibility

Criteria	Details
Timeframe	Within 30 days of delivery date
Condition	Original packaging, unused and unopened
Defective items	No original packaging required — return accepted regardless of condition
Non-returnable	Software licenses, digital downloads, gift cards
Exceptions	Items marked 'Final Sale' at time of purchase are non-returnable

3.2 Step-by-Step Return Process

Step	Action
Step 1	Log in and go to Orders > Select Order > Return Item.
Step 2	Select the reason for return from the dropdown list.
Step 3	Print the prepaid return label (free for defective items; \$5.99 for other returns).
Step 4	Pack the item securely and drop off at any authorised carrier location.
Step 5	Refund is processed within 5-7 business days of warehouse receipt.

3.3 Refund Methods

- **Original payment method** (default) — credit appears within 5-10 business days depending on bank.
- **Store credit** — issued immediately with a 5% bonus credit on the refund value.
- **Exchange** — swap for a same-value item; agent must process manually for value differences.

3.4 Warranty Information

Type	Duration	Coverage	Exclusions
Standard	12 months	Manufacturing defects, hardware failures	Physical/water damage, unauthorised modifications
Extended	Up to 36 mo	Same as standard	Must be purchased within 30 days of product purchase

Section 4 — Shipping & Delivery

4.1 Shipping Options

Method	Estimated Timeframe	Cost
Standard Ground	5-7 business days	\$5.99
Express	2-3 business days	\$12.99
Overnight	Next business day	\$24.99
Free Shipping	5-7 business days	\$0.00 (orders over \$75)

Note: Free shipping is applied automatically at checkout for qualifying orders. Overnight orders placed after 2PM EST ship the following business day.

4.2 Order Tracking

- A tracking number is emailed within 2 hours of dispatch.
- Track shipments at: Orders > Order Details > Track Shipment.
- Carrier partners include UPS, FedEx, and USPS depending on region and method.
- International shipments may have additional customs delays not covered by the delivery estimate.

4.3 Lost or Damaged Packages

- **Lost package:** Investigation opens after 7 days past the estimated delivery date. Customer must confirm address and check with neighbours before filing.
- **Damaged in transit:** Customer must provide photos of the damaged packaging and item. Instant replacement is issued upon photo verification.
- **Wrong item received:** Agent initiates a return label and priority re-shipment at no cost.
- **Partial order:** Items may ship separately — check all tracking numbers before filing a claim.

Section 5 — Technical Support Tiers

Support is tiered by subscription plan. Agents must verify the customer's plan before advising on available channels and SLAs.

5.1 Support Channels by Plan

Plan	Channels	Response Time	Availability
Basic	Email: support@techcorp.com	48 business hrs	Mon-Fri, 9AM-6PM EST
Pro	Priority email + Live chat (in-app & website)	24 business hrs	Mon-Fri, 8AM-8PM EST
Enterprise	Dedicated manager + Phone 1-800-TECH-HELP	24 hour SLA	24/7/365

5.2 Escalation Path

Level	Handler	Trigger
L1	Automated / Knowledge Base	All incoming contacts — self-service first
L2	Live chat / Email agent	Customer cannot resolve via self-service
L3	Senior technical specialist	Complex technical issues, repeated contacts
L4	Engineering team	Critical bugs, data loss, security incidents only

5.3 Common Technical Issues & First-Response Actions

Issue: Cannot log in

Action: Guide through password reset (Sec 1.1). Check for 2FA issues. Verify account is not suspended.

Issue: Slow performance

Action: Ask customer to clear cache, try incognito mode, check internet speed. Escalate if persistent.

Issue: Feature not working

Action: Confirm plan includes the feature. Check known outages at status.techcorp.com. Log ticket.

Issue: Data not syncing

Action: Confirm last sync time. Ask to sign out and back in. Escalate to L3 if > 24 hrs.

Issue: Billing charge error

Action: Verify invoice at Account > Billing. Process refund if charge is confirmed incorrect.

Section 6 — Data Privacy & Security

6.1 Regulatory Compliance

Regulation	Region	Key Obligation
GDPR	EU/EEA	Full data portability, right to erasure, 72-hr breach notification
CCPA	California	Right to opt-out of data selling (TechCorp never sells data)
SOC 2 Type II	Global	Certified data handling, availability, and confidentiality controls

6.2 Customer Data Controls

Action	Path in App
Export personal data	Account > Privacy > Export Data
Request data deletion	Account > Privacy > Delete Data
View login history	Account > Security > Login History
Manage third-party apps	Account > Apps > Manage Permissions

6.3 Security Incident Response

- Report security vulnerabilities to: **security@techcorp.com**
- Initial response time: within 4 hours of report.
- Status updates provided every 24 hours until full resolution.
- Breach notification to affected users: within 72 hours (GDPR requirement).
- Agents must not attempt to investigate security issues independently — escalate to L4 immediately.
- Customers suspecting account compromise should be guided to change password and enable 2FA immediately.

Section 7 — Frequently Asked Questions

This section is optimised for direct RAG retrieval. Each Q&A; is a self-contained chunk.

Q: How do I reset my password?

A: Go to the login page, click 'Forgot Password', enter your registered email, and follow the link sent to your inbox. The link expires in 24 hours. If you don't receive it within 5 minutes, check spam or contact support@techcorp.com.

Q: Can I change my subscription plan mid-cycle?

A: Yes. Upgrades take effect immediately and are prorated. Downgrades take effect at the next billing cycle. Navigate to Account > Billing > Change Plan.

Q: What happens if my payment fails?

A: TechCorp retries the charge 3 times over 7 days. You'll receive an email notification after each attempt. If all retries fail, your account is suspended (not deleted). Update your payment method at Account > Billing > Payment Methods to reactivate.

Q: How long does a refund take?

A: Refunds to the original payment method take 5-10 business days depending on your bank. Store credit is issued immediately with a 5% bonus.

Q: Can I return a software licence or digital download?

A: No. Software licences, digital downloads, and gift cards are non-returnable under all circumstances.

Q: How do I enable two-factor authentication?

A: Go to Account Settings > Security > Two-Factor Authentication. Choose SMS, Authenticator App, or Email as your method. Save the backup codes shown during setup in a secure location.

Q: What is the difference between Pro and Enterprise plans?

A: Pro (\$29/month) adds live chat and 4-hour response times. Enterprise offers a dedicated account manager, phone support, a 1-hour SLA, and 24/7 availability. Enterprise pricing is custom.

Q: How do I track my order?

A: A tracking number is emailed within 2 hours of dispatch. You can also track at Orders > Order Details > Track Shipment inside your account.

Q: My package is late — what should I do?

A: Check your tracking link first. If the estimated delivery date has passed by 7 or more days, contact support to open a lost-package investigation.

Q: How do I export my data for GDPR compliance?

A: Go to Account > Privacy > Export Data. A download link for your full data archive will be emailed within 48 hours.

Q: How do I cancel my account?

A: Cancel your active subscription first (Account > Billing > Cancel), then request deletion at Account Settings > Privacy > Delete Account. A 30-day reversible cooling period applies before permanent deletion.

Q: Is my data sold to third parties?

A: No. TechCorp does not sell customer data to any third party. See our CCPA compliance statement in Section 6.

Q: What warranty comes with my product?

A: All products include a standard 12-month warranty covering manufacturing defects and hardware failures. An extended warranty of up to 36 months can be purchased within 30 days of purchase.

Q: How do I speak to a real person?

A: Pro customers can use live chat (in-app or website, Mon-Fri 8AM-8PM EST). Enterprise customers can call 1-800-TECH-HELP (24/7). Basic customers should email support@techcorp.com with a 48-hour response time.

Q: What do I do if I see a charge I don't recognise?

A: Check your invoice history at Account > Billing > Invoices. If the charge is still unexplained, contact support@techcorp.com with the invoice date and amount and an agent will investigate within 4 business hours.

Section 8 — Escalation & Edge Cases

8.1 When to Escalate Immediately

- Any report of unauthorised account access or suspected breach → Escalate to security@techcorp.com AND L4 engineering.
- Customer reports data loss or corruption → L3 specialist, then L4 if confirmed.
- Billing dispute exceeding \$500 → Senior agent review required before any refund.
- Legal threats, subpoenas, or regulatory inquiries → Refer immediately to legal@techcorp.com.
- Media or press inquiries → Refer to pr@techcorp.com; do not provide statements.
- Customers expressing distress or threatening harm → Follow internal safety protocol and contact manager.

8.2 Common Edge Cases

Scenario: Customer deleted account but wants data back

Resolution: Data is recoverable within the 30-day cooling period. Verify identity, then reinstate via admin portal. After 30 days, data is permanently deleted and irrecoverable.

Scenario: Customer claims item arrived after 30-day return window

Resolution: Check carrier tracking for delivery date. If delivery was delayed due to carrier fault, issue a goodwill exception and accept the return. Document the case.

Scenario: Customer on Basic plan demands phone support

Resolution: Politely explain that phone support is exclusive to Enterprise plans. Offer to escalate their issue via priority email and document any service degradation causing frustration.

Scenario: Duplicate charge for same billing period

Resolution: Verify in billing system. If confirmed duplicate, issue immediate refund to original payment method. No store credit for billing errors.

Scenario: Customer cannot receive 2FA codes (changed phone number)

Resolution: Use backup codes if available. If not, escalate to identity verification flow. Agents must never disable 2FA without verified identity.

Section 9 — Glossary

Key terms used throughout this document and in customer interactions.

Term	Definition
2FA / MFA	Two-Factor / Multi-Factor Authentication. A security method requiring two forms of identity verification.
Billing Cycle	The recurring period (monthly or annual) for which a customer is charged for their subscription.
Chargeback	A reversal of a credit card transaction initiated by the customer's bank, often indicating a dispute.
Cooling Period	The 30-day window after an account deletion request during which the action is still reversible.
GDPR	General Data Protection Regulation. EU law governing personal data handling and privacy rights.
CCPA	California Consumer Privacy Act. US state law granting California residents rights over their personal data.
OTP	One-Time Password. A temporary code used in 2FA authentication.
Prorated Refund	A partial refund calculated based on unused time remaining in a billing period.
SLA	Service Level Agreement. A contractual commitment to a specific response or resolution time.
SOC 2 Type II	A security audit standard confirming that a company's data controls meet AICPA trust criteria over time.
Suspension	Temporary account deactivation, typically due to payment failure. Account and data are preserved.
RAG	Retrieval-Augmented Generation. An AI technique where a language model retrieves relevant documents before
Prepaid Return Label	A shipping label provided by TechCorp at no cost for eligible returns, allowing customers to return items without p

Section 10 — Contact Directory

10.1 Support Contacts

Department	Channel	Contact	Hours
General Support	Email	support@techcorp.com	Mon-Fri, 9AM-6PM EST
Enterprise Support	Phone	1-800-TECH-HELP (1-800-832-4435)	24/7/365
Sales Inquiries	Email	sales@techcorp.com	Mon-Fri, 9AM-6PM EST
Sales Inquiries	Phone	1-800-TECH-SALE	Mon-Fri, 9AM-6PM EST
Security Issues	Email	security@techcorp.com	Response within 4 hrs
Legal / Compliance	Email	legal@techcorp.com	Business hours
Press / Media	Email	pr@techcorp.com	Business hours
